

April Apple Tracker Reports Storage Slightly Up over 2021

Detail Introduction :

According to a survey performed by the US Apple Association, the total number of apples in the storage April 1, 2022, was 75.5 million bushels, 1.1 percent more than last April's total of 74.7 million bushels, 1.1 percent below the 5-year average for that date.

Fresh apple holdings this April totaled 53.3 million bushels--4 percent more than the inventories reported last April. Processing holdings totaled 22.2 million bushels, 5.2 percent less than last year on April 1.

This report captures more than 95 percent of the national storage capacity.
