Payment Terms	T/T,L/C,D/P
Supply Ability	10000
Delivery Detail	3days-7days

Detail Introduction :

Green leafy vegetables often get more attention than bell peppers, but this vegetable should not be underrated with its rich diversity of nutrients. Green bell peppers are well known for their carotenoid and vitamin content, promoting digestion and metabolism. Also rich in vitamin A and C, the level of these micronutrients increases with maturity. In which vitamin C can be high as three times that of tomato, equivalent to that of strawberry and lemon, making bell peppers the number 1 vegetable source of vitamin C.

Fresh bell peppers can quickly go wrong if not properly stored. Therefore, dehydrated bell peppers are often kept in kitchens as a backup. Dried bell peppers, when hydrated, are great for cooking or use as fresh. A sprinkle of dazzling green adds color and savory to any dish – soup, stew, pasta, pizza, you name it.

Product size: 1-3, 3x3, 5x5, 8x8, 10x10mm, pieces, granule

Packing: Inner double PE bags inside and carton outside, 20kg/carton

Storage condition: Sealed in dry, cold, waterproof & ventilated condition

Certification: ISO9001, ISO22000, BRC, KOSHER, HALAL, FDA. GAP
