Dutch company Kiremko wants to invest 25 millior euros in Gujarat

Detail Introduction:

Dutch food processing equipment manufacturer Kiremko wants to invest 25 million euros in Gujarat. Currently, the company has supplied food processing equipment to manufacturers of frozen potato in Gujarat.

Kiremko already supplies equipment to frozen potato food manufacturers McCain and Hyfun Foods. is India's largest producer and exporter of frozen potato products.

Bhavana Vishwanath, the company's director, said: "We are looking to set up equipment manufactur in India. The equipment will be used for food processing, mainly frozen potato products. Gujarat is a choice as a production center and supplier of processed potato products."
