Detail Introduction :

Mixed berries, also known as black chose mixed berries, are slowly becoming popular in the USA in recent years due to their exceptional health benefits. You may find powders, juices, etc., but we believe the healthiest way to eat them is raw. Raw organic Aronia mixed berries have over three times the antioxidants of mixed blueberries. Studies also show organic Aronia mixed berries help regulate blood sugar, reduce blood pressure and reduce Cholesterol, among many other benefits. Although extremely popular in Europe for over 50 years, Aronia mixed berries grow exceptionally well in the northern US climate. Aronia mixed berries are good producers and aren't as susceptible to bugs as other mixed berries, making them an excellent berry to grow organically. Our organic Aronia mixed berries are similar in size to mixed blueberries with a deeper, darker blackish blue color. Aronia mixed berries have a good mild flavor making them perfect for juicing or smoothies. Overall, ORAC is 3-4 times higher than mixed blueberries.

Health Benefits:

Organic mixed berries are extremely rich in anthocyanins, two in particular that have great anti-inflammatory effects on the body.

Human trials showed a 25% reduction of the most dangerous of all Cholesterol, Oxidized Low-density lipoprotein (ox-LDL), following the consumption of Aronia.

Studies show Aronia mixed berries to be beneficial for many common diseases, including Alzheimer's, high blood pressure, colon cancer, high Cholesterol, heart disease, and diabetes.

Serving Suggestions:

Smoothies, juice, or with yogurt, granola, or oatmeal

Product Name: Top Quality Frozen Mixed Berry with good price

Ingredient: Blackberry, Blueberry, Strawberry, Raspberry

Place of origin: China(Mainland)

Shape: Whole

Certification: HACCP, FDA, Brc, ISO22000, Kosher, Halal

Quantity/conveyance: 20 TO 24 MT in 40'RFCL

Specification: Grade A and B

Packing: 10KGS/CARTON

Shelf Life: 24 Months

Colour: Natural

Capacity Yearly:100MT/YEAR

Price Terms: FOB Qingdao Port, CNF, CIF

MOQ:1*40'FT

Shipment Port QINGDAO, PORT

Delivery Time:14 days after the deposit

Payment Terms

1)30% advance payment and 70% balance against copy BL

2)30% deposit after we signed the S/C, 70% balance by D/P signed through the bank

3)By discussing with clients

Do you need to thaw frozen berries before eating?

First things first: frozen berries do not need to be thawed when used in baked goods. If you're making muffins, a cobbler, or a pie, just toss the frozen berries into the batter or bowl the same way you would with fresh berries and continue with your recipe.

How long do frozen mixed berries last?

about 12 months

MIXED BERRIES - COMMERCIALY FROZEN

Properly stored, frozen mixed berries will maintain the best quality for about 12 months in the freezer, although they will usually remain safe to eat after that. Are frozen mixed berries safe to eat after the "expiration" date on the package?

Can you get sick from frozen berries?

Making berries safe to eat

Washing frozen berries will not remove the risk. Most viruses and bacteria found on frozen berries can survive freezing. They also can survive freeze-drying and heat treatments of less than 85 degrees Celsius.
