Is Watermelon good after being frozen?

The simple answer is yes, Watermelon can be frozen, but it will be mushy when it's thawed. Enjoy whole chunks of Watermelon while it's fresh because it will not taste the same after freezing. ...

Watermelon also makes a delicious sorbet or granita.

Can watermelon chunks be frozen?

Chunks of Watermelon can be frozen with other fruit if you plan to blend them together to make smoothies or combined with other fruit and fruit juices to make popsicles. Another option is to freeze watermelon juice.

How long does it take watermelon chunks to freeze?

2-4 hours

Arrange the watermelon chunks into a single layer on the lined baking sheet, making sure that the pieces aren't touching, so they won't stick together later. Place the pan in the freezer, and allow them to freeze for 2-4 hours.
