

South African Clementine Seedless Lemons

Detail Introduction :

In June, Lemon Gold®, jointly introduced by Jiaze Fresh and citrus company Fruitallyst, arrived in China. In the hot summer, Lemon Gold® brings a fresh, convenient, and refreshing fragrance. Favored by consumers, it is a new brand launched by citrus company Fruitallyst on the market. Compared with other lemons, the biggest advantage of seedless lemons is that "seedless is convenient, and the fragrance is strong," which is the brand slogan. South Africa's unique climatic and favorable geographical conditions make the seedless lemons grown here unique in appearance, texture, and taste.

LemonGold South African Seedless Lemon is another cooperative fruit between CORE Fruit, a well-known South African fruit company, and Jiaze Fresh. It has been welcomed and recognized by many fruit power
